

# FEDERATION SPELEOLOGIQUE EUROPEENNE

Organization committee  
SPELEOKAMARATON 2021  
Marina di Camerota  
Italy

23<sup>th</sup> October 2019

## Letter of support for SPELEO KAMARATON 2021 International speleology meeting 29 October - 1 November 2021 Marina di Camerota (Salerno – Italia)

*The Fédération Européenne de Spéléologie (FSE)* represents 31 member countries and 38,000 speleologists from Europe.

We are very pleased with the opportunity to support International speleology meeting SPELEOKAMARATON 2021 (29th October -1th November 2021).

FSE is acknowledging that SPELEOKAMARATON is an unique opportunity to communicate and highlight the work and achievements of speleology and cave exploration to a broad public, through events, meeting, debates, presentations etc. The territory of Camerota situated in the National Park of Cilento, is important for its caves and paleontological sites.

*FSE decides with great pleasure,*

*to issue this letter of support to the Organization committee of SPELEOKAMARATON 2021 for the International Speleology Meeting, to be organized from 29<sup>th</sup> October to 1<sup>th</sup> November 2021.*

For the FSE Bureau,

Alena Gessert  
FSE General Secretary
